Visioning Advisory Committee

VOLUNTEERS NEEDED!

Members of this city volunteer committee may gather citizen feedback, give advice on city policies and programs, represent Beaverton Community Vision at public events, meet with community partners, and much more.

Here's what some current VAC members have to say:

Being on the VAC has helped me strengthen, not only my sense of community, but many business connections as well. Volunteering for this board has opened doors and opportunities for me that I would not have known about otherwise.
—*Jerry Jones*

As a VAC member, I know that city officials listen to the community. We have been able to help share with the city what we've learned from the thousands of people we've reached, and make a difference in Beaverton.
—*Jaann Hoisington*

If you want to be part of making sure government is responsive to people's priorities, this is the committee for you.
—*Mark Fagin*

Being on the VAC is truly an "out in front" position. I am honing my professional skill sets, such as public speaking, group work, and project management.
—*Cathy Robart*

I've had opportunities to engage with the community and to work with a great group of people who also want to see the vision become a reality.
—*Jennifer Browning*

I feel honored to serve my community with this amazing group of people. The most rewarding thing for me has been watching the city listen to our Beaverton Community Vision and incorporate it into city initiatives.
—*Ty Garo*
