DESCRIPTION OF WORK

Replace furnace, Replace existing AC outdoor unit with new AC unit in same location. I spoke to someone in City of Beaverton Permits and they directed me to e-permitting and told me to select "MultiFamily" from the dropdown since this is an attached townhouse and requires a commercial permit. On the Services page it only has "AC (Detached Only)" ... which I didn't, was the closest options so I selected it based off of the direction I was given. I was told I did not need plans or to come in to pull the permit bc it was a replacement and the location of the AC was not being moved.
