To: PRINCIPAL and/or SURETY

Re: PRIVATE WORK IN PUBLIC RIGHT-OF-WAY PERFORMANCE BOND
CITY ATTORNEY STANDARD FORM

Attached is a Private Work in Public Right-of-Way Performance Bond, standardized by the City Attorney's office.

Please fill in the appropriate blanks (note: **#1** shall name the contractor performing the work as principal, **#2** name of the bonding company, **#3** dollar amount written out and numeric after the \$ sign, **#4** location / address and description of project. The form must be signed by both the principal and the lender. The **City requires a live-ink original of this form**, not a fax or photocopy.

Please note that if you choose not to use the standard form provided, you should expect that the approval process may be delayed because of the additional time necessary to review non-standard documents.

Thank you for your cooperation.
