

# WEST FIVE STRATEGY

## overview

**A**  
**Vibrant places for businesses and nearby residents:**

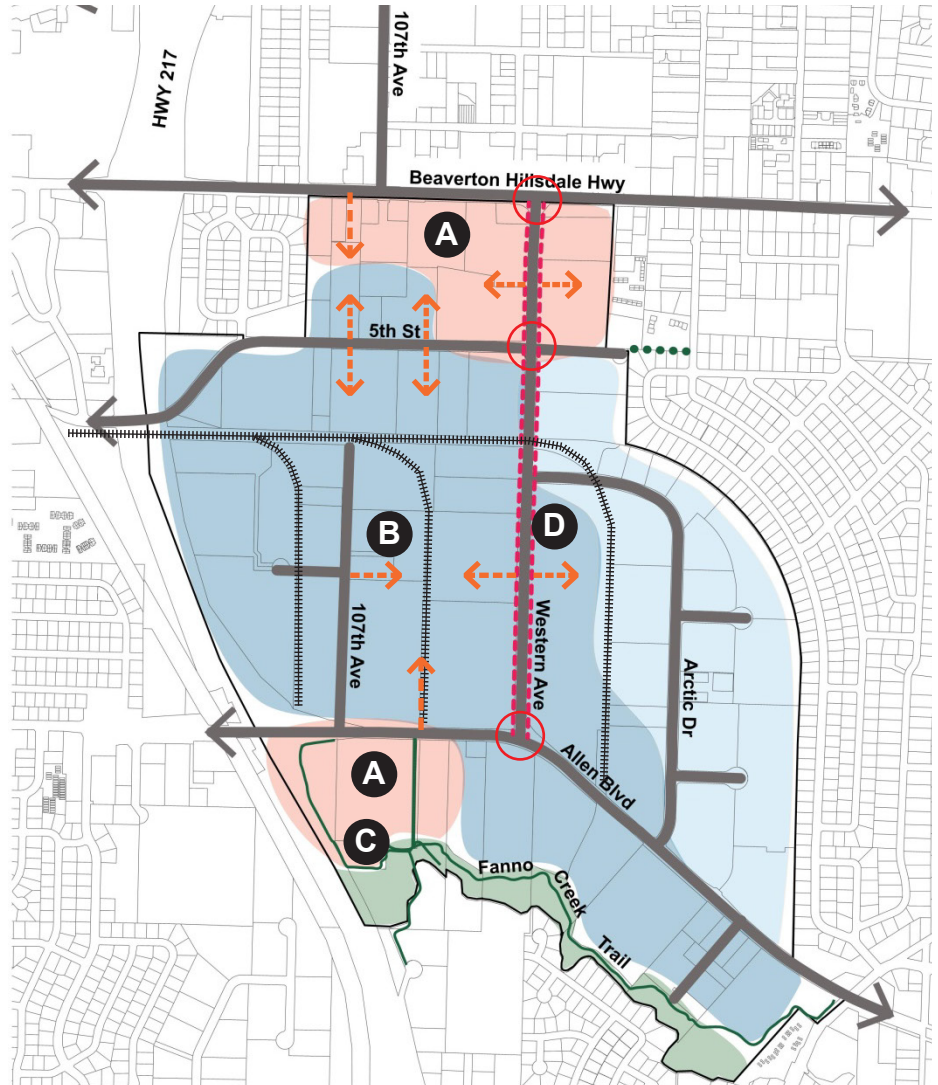

Future commercial area redevelopment will create places for businesses to meet with clients and workers to get lunch and run errands. Nearby residents get more retail options.

**B**  
**Transportation study:**

Determine how new streets can improve access and unlock economic potential of older area built around rail spurs.

**C**  
**Trail connections:**

Enhance and clearly identify connections to Fanno Creek Trail.

**D** **Multi-modal Western Avenue:**

- Center turn lane increases safety and allows freight movement.
- Bike-ped paths allow people to walk, bike or take transit — helping businesses attract talent.
- Trucks and cars kept separate from peds and bikes.
- Intersection improvements make for safer turns and pedestrian crossings.
