

Project Number: 4128C  
Project Name: 158th at Merlo and Connection to Jenkins Waterline Improvements  
Project Description: Install 12-inch and 16-inch waterlines for future TVWD withdrawal areas in conjunction with Washington County MSTIP projects.  
Map:

Project Justification: This area is currently served by Tualatin Valley Water District; however, the City Council has directed staff to be prepared to provide City water to this area. Washington County is constructing and/or planning roadway improvement projects on 158th Ave, Jenkins Rd, and Merlo Dr (see CIP 5090). The opportunity to install City waterlines in conjunction with the MSTIP projects is cost effective for the City and will reduce the level of inconvenience to the traveling public.

Project Status: There are nine (9) waterline/roadway segments. Design is underway on those segments that are currently under MSTIP construction.

Estimated Date of Completion: First Year Budgeted: FY17/18

Estimated Project Cost: New Project:

**Funding Data:**

<u>Project No.</u>	<u>Fund No.</u>	<u>Fund Name</u>	<u>Amount</u>	<u>FY</u>
