

**ALTERNATIVE METHODS FORM**

Alternative materials, design and methods of construction and equipment are permitted by section 104.11 of the Oregon Structural Specialty Code (OSSC). The alternative proposal shall be "at least the equivalent of that prescribed in this code in quality, strength, effectiveness, fire resistance, durability and safety".

Project Name: \_\_\_\_\_ Permit Number: B20

**Section 1**

Identify the code requirement, by section number and narrative, which is not being met with the proposed design.

**Section 2**

Describe the proposed alternate.

**Section 3**

Identify how the proposal is at least the equivalent in the following areas:

Quality	
Strength	
Effectiveness	
Fire resistance	
Durability	
Safety	

**Section 4**

Attach listing or testing and additional information to support the proposal.

**Approval of Alternate Method**
