

# Highland Neighborhood

Like most cities, Beaverton relies on the dedication and involvement of many within each community. If you have talents and the desire to share them with your neighbors, you can make a difference.

**The Highland Neighborhood Association Committee (NAC) supports community projects each year including:**

**Annual Tree Plantings** — Volunteers host trees in their yards to help fight climate change, offer summer shade and other benefits. These trees also help to stem the tide of natural tree loss to the neighborhood tree canopy.

**Other functions -**

The NAC is a forum to talk to special districts like fire and parks, Beaverton's police force, city leadership, and other local political leaders who are often guests. Any development, traffic calming, and other city change applications are also discussed.

**Have a suggestion?**

If you have a project or event that you would like to work on in the Highland area, please attend a NAC meeting to learn about Matching Grants available for projects that help promote neighborhood identity and build stronger communities.

**The Highland NAC meets monthly, during the COVID-19 pandemic we use zoom only.**
