

# Beaverton Community Vision

2015 Update

Beaverton Community Vision began as an outreach effort by the City of Beaverton in 2007 to ask what its citizens wanted for their city. That initial endeavor has grown into an award-winning, citywide program designed to find our community priorities.

Every comment or idea shared with a staff member or volunteer has been written down and sorted into one of these five community goals:

- Build a Friendly and Welcoming Community**
- Responsibly Provide High Quality Public Services**
- Improve Mobility**
- Create a Vibrant Downtown**
- Enhance Livability**

Five years ago, more than 5,000 community members shared their ideas for Beaverton's future. The City Council adopted a plan built off of those ideas and more than 60 partners have volunteered to help. Today, 94 percent of the original plan is implemented or underway.

The plan is now in the midst of a five-year update.

## Timeline

Idea Gathering & Public Outreach  
Mar – Oct 2014
