GENERAL PROVISIONS

46-0100 Introduction

A. Authority for Local Rules of Purchasing Procedure

Pursuant to the authority granted to the City of Beaverton by enactment of ORS 279A.065, the City hereby elects to establish its own Rules of procedure for Public and Personal Services Contracts. The Model Rules of Procedure for Public Contracts adopted by the Attorney General under authority of ORS 279A.065 does not apply to the City of Beaverton. Instead, the rules of procedure for Public and Personal Services Contracts applicable to the City of Beaverton are those contained herein. These local Rules of purchasing procedure originate separately from those of the State of Oregon, although the provisions herein often parallel those of the Attorney General’s Model Public Contract Rules. These local Rules of purchasing procedure shall be known and may be cited as the “Beaverton Purchasing Code” (BPC).

The Beaverton Purchasing Code is organized in six parts.

1. Chapter 46 sets forth Rules generally applicable to all Public and Personal Services Contracts;
2. Chapter 47 describes how the City procures Goods and Services;
3. Chapter 48 contains special Rules for the City’s selection of Architectural, Engineering, Photogrammetric Mapping, Transportation Planning, Land Surveying Services or Related Services;
4. Chapter 49 includes Rules for the solicitation and Award of Public Improvement Contracts and includes provisions affecting the work of Contractors, subcontractors and laborers;
5. Chapter 50 sets forth exceptions to applicability of the Purchasing Code and classes of contracts that are exempt from the general requirements for competitive bids and proposals; and
6. Chapter 51 provides the procedures for the City’s disposal of Surplus Property.

B. Specific Provisions Control Over General Provisions

In the event of conflict between Rules in chapter 46 and Rules in chapters 47, 48, 49, 50 and 51, the Rules in chapters 47, 48, 49, 50 and 51 take precedence over the Rules in this chapter 46.

C. Conflict with Federal Statutes and Regulations

Except as otherwise expressly provided in ORS 279C.800 through ORS 279C.870, and notwithstanding ORS chapters 279A, 279B, and ORS 279C.005 through 279C.670, applicable federal statutes and regulations govern when federal funds are involved and the federal statutes or regulations conflict with any provision of ORS chapters 279A, 279B, and ORS 279C.005 through 279C.670 or the Beaverton Purchasing Code, or require additional conditions in Public Contracts not authorized by ORS chapters 279A, 279B, and ORS 279C.005 through 279C.670 or these Rules.

D. Correction of Scrivener’s Errors.

In preparing the codified editions of the Beaverton Purchasing Code for publication and distribution, the City Attorney shall not alter the sense, meaning, effect or substance of this resolution, but within such limitations may:

1. Renumber or rearrange chapters and sections;
2. Combine chapter or sections into other chapters or sections;
3. Divide chapters or sections into other chapters or sections so as to give to distinct subject matters a distinct chapter or section number or letter;
4. Substitute a reference to the proper chapter or section;
5. Substitute figures for written words and vice versa;

BEAVERTON PURCHASING CODE — GENERAL PROVISIONS RELATED TO PUBLIC CONTRACTING

6. Make uniform the manner the Beaverton Purchasing Code and its chapters and sections are referred to, for example allowing the phrase “these Rules” to be changed to “this code” and the like;
7. Change titles and captions of the Beaverton Purchasing Code, its chapters or sections;
8. Change capitalization for the purpose of uniformity;
9. Correct manifest clerical, typographical, grammatical, or punctuation errors;
10. Correct obviously misspelled words;
11. Change references to agree with renumbered, re-titled or re-lettered chapters or sections or to properly reflect references to other statutes; and
12. Conform the provisions of the Beaverton Purchasing Code to any future amendment, revision, or re-enactment of a duly enacted ordinance or resolution of the City Council or Contract Review Board.

BEAVERTON PURCHASING CODE — GENERAL PROVISIONS RELATED TO PUBLIC CONTRACTING

of the date, time and location of the drawing of lots and an opportunity for these Offerors to be present when the lots are drawn.

The City shall consider Offers identical in price, fitness, availability and quality as follows:

1. Bids received in response to an Invitation to Bid issued under ORS 279B.055 or ORS 279C.335 are identical in price, fitness, availability and quality if the Bids are Responsive, and offer the Goods or Services, or both, or Personal Services, described in the Invitation to Bid at the same price.

D. Procedure for Drawing Lots.

When this Rule calls for the drawing of lots, the City shall draw lots by a procedure that affords each Offeror subject to the drawing a substantially equal probability of selection and that does not allow the person making the selection the opportunity to manipulate the drawing of lots to increase the probability of selecting one Offeror over another.

46-0500 Mixed Contracts

A mixed Public Contract requires the contractor to render certain services and also to provide the City with other kinds of services, goods or products. Classification of a mixed Public Contract as a Personal Services Contract, Architectural and Engineering Services Contract, Information Technology Contract, or other kind of Public Contract is determined by the mixed Public Contract's predominant purpose. A mixed Public Contract's predominant purpose is determined by whether the majority of the amounts paid or received under the mixed Public Contract will be for a particular kind of service (personal, architectural, engineering, land surveying or related services, information technology, or other kinds of service) or for the acquisition of goods or products.
